

HOME SAFETY CHECKLIST

A structured home safety checklist helps reduce the risk of accidents, property damage, and emergencies. Regular inspections and preventative maintenance ensure that potential hazards—such as gas leaks, fire risks, electrical faults, and water damage—are identified and addressed promptly.

1 Fire Safety

- ☐ Install smoke alarms on every level of the home
- ☐ Replace batteries at least once per year
- ☐ Keep fire extinguishers in kitchen, garage, and near heating systems
- ☐ Avoid overloading electrical outlets
- ☐ Develop and practice a home fire escape plan
- ☐ Test smoke alarms monthly
- ☐ Clean dryer lint filter after every use
- ☐ Keep flammable materials away from heat sources
- ☐ Inspect chimneys and fireplaces annually
- ☐ Check fire extinguisher pressure gauge regularly

2 Gas Safety

- ☐ Install carbon monoxide detectors near sleeping areas
- ☐ Schedule annual inspection of gas appliances
- ☐ Ensure proper ventilation for heaters and boilers
- ☐ Test carbon monoxide alarms regularly
- ☐ Learn the smell of natural gas (rotten egg odor)
- ☐ Check gas stove burners for proper ignition
- ☐ Know the location of the main gas shut-off valve
- ☐ If gas smell is detected: evacuate immediately and contact emergency services

3 Electrical Safety

- ☐ Inspect power cords for fraying or damage
- ☐ Avoid running cords under rugs or furniture
- ☐ Install Ground Fault Circuit Interrupters (GFCIs) in bathrooms and kitchens
- ☐ Keep electrical panels accessible
- ☐ Replace damaged cords immediately
- ☐ Use surge protectors for major electronics
- ☐ Ensure breaker panel is clearly labeled

4 Water and Flood Prevention

- ☐ Check for leaks under sinks and appliances
- ☐ Clean gutters and downspouts
- ☐ Know the location of the main water shut-off valve
- ☐ Test sump pump (if applicable)
- ☐ Seal cracks in foundation
- ☐ Inspect water heater for corrosion or leakage

5 Kitchen Safety

- ☐ Never leave cooking unattended
- ☐ Store knives safely
- ☐ Check that range hood and vents are clean
- ☐ Keep a fire extinguisher within reach
- ☐ Keep stovetop clear of combustibles

6 General Home Safety

- ☐ Install secure locks on doors and windows
- ☐ Keep walkways clear of tripping hazards
- ☐ Store chemicals and cleaning supplies safely
- ☐ Maintain a stocked emergency kit
- ☐ Use outdoor lighting around entrances
- ☐ Secure heavy furniture to walls
- ☐ Save important contacts offline
